

## Tan Chin Tuan awards for Creative Education

TCTF recognises that creative education in Singapore needs support, as the journey towards being an artist can be a long, expensive and trying one.

Since 2007, TCTF has committed to help financially deserving yet very talented candidates, who strive to refine their creative talents through the Nanyang Academy of Fine Arts (Nafa), and are also willing to volunteer their talents with the community. The foundation funds scholarships, merit awards and student assistantships at Nafa. Candidates apply through Nafa for TCTF support.

With TCTF's support, more than twice as many talented students from Nafa receive financial assistance now than ever before.

### Tan Chin Tuan Scholarship Scholarships for Creative Education:

Only two get this each year, based on a rare combination of artistic talent, excellent academic and industrial achievement, financial need, and sense of community service.
